Mt. Morris, IL 6105

(Registration is also on-line at StrawUSA.com)

Competition Rules & Information

- Create a Straw Sculpture individually or with a team.
- Send a sketch of your idea (a simple line drawing—no shading).
- Artists will receive a \$250 stipend* for registered sculptures delivered on time to Mt. Morris.
- The sculpture must be at least 90% straw on the surface. Burlap, jute, sisal, twigs, etc., may be attached. Minimal spray paint for highlights / shadowing. (Inside framework can be any material.)
- Sculpture Size: minimum 6 ½ feet (in height, in length, or in width).
- Many methods of construction. The straw is frequently wrapped with twine.
- Average time: 2 weeks to construct. Shop home centers, or farms for wheat straw (or oat straw).
- Construct your sculpture to withstand high winds and rain. Tether connection points should be built into sculptures if required. Sculptures will be tethered to the ground if points are provided.
- Create your piece at home and then transport it to Mt. Morris, IL by 4pm August 12th.
- We'll do our best to help with transportation, if necessary please notify us in advance (may require an earlier build finish to schedule transportation, please notify us by August 5th).
